This decision concerns the renewed petition under 37 CFR 1.137(b), filed on November 13, 2002, to revive the above-identified application.

The renewed petition is **GRANTED**.

The October 22, 2002 §1.137(b) petition was dismissed on November 7, 2002 because some of the substitute drawings submitted with that petition did not comply with the §1.84 margins requirements as indicated in the November 6, 2002 Notice of Draftsperson's Patent Drawing Review.

The substitute drawings enclosed with the instant renewed petition have been approved by the draftsperson. The petition is thus granted.

The application is now complete.

No fee is owed.

The application file is being returned to the Office of Initial Patent Examination for processing of the substitute drawings, and for issuance of a filing receipt if one has not been mailed. Thereafter, the application will be forwarded to the appropriate Technology Center for examination in due course.

Telephone inquiries should be directed to the undersigned at (703) 308-0763.
